President's Message

The winter season is over and I would like to take this opportunity to thank all the players and parents for taking part in a fun filled and successful season. I also especially want to thank the coaches and volunteers for coming forward and for their tireless efforts with winter carnival and running programs, we could not have done it without you. Hope to see more out to the AGM on April 26, as it will be my honour to meet more neighbours like you

We've Been Very Busy Making Changes!!

As we end yet another successful WestDale Warriors hockey season, the signs of changes and all things new are becoming visible with Spring upon us. New being our first quarterly newsletter "your WestDale Post". What a perfect way to tell you, our neighbours that the WestDale building is looking better than ever. It's been a few years in the works but your WestDale Community Centre has modernized older building systems such as three new furnaces, received a brand new roof, 4 new roof top units for heating and air conditioning, a hot water tank upgrade, as well as new paint colours throughout the hall, board room, and foyer. This past summer the centre underwent complete bathroom renovations to service both hockey and hall side areas. This also included accessibility functions for the main hall doors as well as all four bathroom.

New flooring in the main hall marked with a variety of sport courts including basketball, badminton, volleyball, and pickle ball is now ready to use. New equipment was purchased plus moveable basketball nets to accommodate all ages and learning stages.

Members, management and staff have been fearlessly
